

HOSTING A COURSE FOR CREDIT

Call: 973-441-8275

info@conedseminars.com

Hosting a CESI course is easy...

Your Clinic

CESI will partner with facilities looking to enhance their education with techniques that can be implemented immediately into the clinical setting. With professional staff members (PTs, PTAs) mastering the same techniques the continuity of care for the patient will be enhanced.

CESI's focus on the Mennell and Travell approach to joint dysfunction and trigger point therapy is both virtual and hands on.

Hosting a seminar with CESI provides your company with a platform of furthering educational opportunities for licensed staff, available for multiple locations, and usable for both credit and non-credit. This can include hosting a seminar at your venue for you and your staff members to learn more about Mobilization and Myofascial Therapy techniques Hands on.

Your Clinic

- The BIG FOUR
- Upper Extremity Mobilization
- Lower Extremity Mobilization
- Cervical/Thoracic Spine & Ribs Mobilization
